Hi Li,

I'm just reaching out, as we've been assigned to a group to work on the FIT2099 project together.

I'm planning on looking at the requirements more deeply this weekend, but in the meantime if you're ok with it, I can add you on Facebook so we can talk about the project more easily in a group chat?

Cheers,  
Paul

Hi,

I will need to ask for a different partner if you don't reply.

Hi Paul

I'm sorry for I didn't see your email before. I submitted the application and this unit on April 25<sup>th</sup>. I can discuss this assignment with you but I don't want to affect the progress of your assignment later so can you change a partner?

Cheers

Li Ma

Hi Li,

Thanks for getting back to me! I'll be able to find a different partner, if that's what is best. Can I ask, I'm not sure what you mean by you submitted the application and this unit? Does that mean you have withdrawn from the unit? This is so I know what to tell the lecturer about what is happening.

Cheers,  
Paul M
